FEATURES

- ▶ Local machine label and report printing
- ▶ Print only what you produce, when you produce it
- ▶ Manual reprint of labels or reports
- ▶ Auto Launch; Auto Hide feature with Hot Key Restore allows quick and seamless interaction with "On Demand Printing"

BENEFITS

- ▶ Removes label and report confusion by printing your spacer, glass and grid labels and production reports directly from the production machinery
- ▶ Increases printing efficiency by reducing unnecessary printing. Only labels for components that are being currently manufactured are printed
- ▶ Increases machine-operator efficiency. Operators no longer have to search through a maze of labels
- ▶ When printer irregularities occur operators can reprint only the labels that were affected
- ▶ Non intrusive operation, "On Demand Printing" auto launches itself and auto hides itself during startup. A "Hot Function Key" operation can be defined during setup that allows On Demand Printing to be displayed on the Desktop

GIVING YOU GREATER CONTROL THAN EVER BEFORE

LeanNET® On Demand Printing

Consider GED for all your needs
