GED Appoints Dan Reinhart as Director of Sales

Twinsburg, OH – GED Integrated Solutions, the leading provider of integrated, lean window manufacturing systems, today announced the appointment of Dan Reinhart to the role of director of sales, effective immediately.

In his new position, Reinhart will oversee both domestic and international sales activities along with the development and implementation of sales strategies that continue to successfully grow GED's global market base.

"Dan joined GED nine years ago and has excelled as a regional sales manager since day one. His extensive industry knowledge and experience have earned him a great deal of respect – not only from every department within GED, but even more importantly from our customers and the industry as a whole." said Bill Weaver, CEO and president of GED. "His deep customer relationships and past work in both vinyl and glass have positioned him well for his new responsibilities."

About GED Integrated Solutions

GED Integrated Solutions is a worldwide supplier of fully integrated insulating glass and vinyl window and door fabrication systems, as well as solar manufacturing equipment, and the pioneer of the revolutionary Intercept i-3 Warm Edge spacer frame production system. The company's i-3 platform works with its LeanNet communications software to integrate every facet of a plant's operation, increasing IG quality and production volumes and profits while decreasing operating costs and material wastage. GED's commitment to innovation that addresses its customers' needs is evidenced by the fact that 18 of the top 20 window and door manufacturers utilize GED's equipment and software solutions.
