

Never lose another window

i About

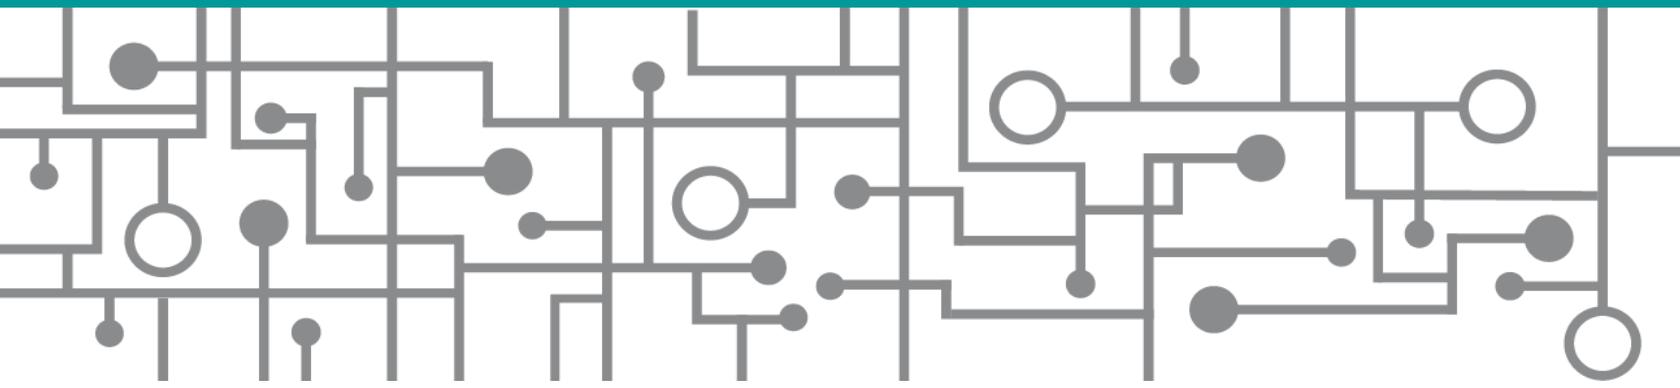

Utilizing cutting-edge RFID technology, WinTrax™ intelligent logistics system tracks window assemblies through the production process to shipment. A manufacturer can see real-time product location as window assemblies with uniquely-encoded tags pass through gateways at each production stage. Gain complete visibility of any window and reduce material, labor and production costs.

WinTrax will give you the ability to oversee your entire vinyl window production from start to finish, inside and outside your manufacturing facility.

Leave no window behind with the new WinTrax intelligent logistics system from GED. Locate and monitor your vinyl window products as they travel inside your manufacturing facility...and beyond!

✓ Features

- Remote tag reading
- Each window uniquely identified
- Labels can be printed & encoded at point of use
- Economical consumable costs
- WinTrax Gateways actively scan to show last known location for each window
- Configurable to your plant layout
- View data from anywhere on web-based viewer
- WinTrax can either be used independently or with other GED software products
- Gateways read multiple labels instantaneously
- Gain insight into your manufacturing process

 **Minimum Requirements**

- **Software:** Windows 10 Professional, SQL Server 2016 Express
- **PC:** 4 GB RAM, 100GB hard drive space

 **Standard Equipment & Options**

- **WinTrax Console**—links RFID tags and gateways to tracking database
- **WinTrax Gateway**—proprietary design optimized for high-density RFID tag reads
- **WinTrax Labels**—RFID tags embedded within thermal printable labels
- **WinTrax Printer**—printer to both encode and print WinTrax labels

 **System Software**

- WinTrax™
- Version: 1.0.0
- Previous Versions: N/A

 **Upgrade Options**

- Handheld Scanners
- Permanent Cart Tags for Cart Tracking mode

 **Complimentary Products**

- i-Sight®

 **Preferred Service Package**

- Pre-installation service call
- Software installation
- One year warranty
- Software maintenance training
