

Laminated Glass
Cutting with Multiple
Functionality

i About

Add efficiency, quality and productivity to your screen frame manufacturing operation while reducing material and labor costs. Operate with ease using a comprehensive but simple to use touch-screen interface. LamiCut offers multiple functionality: it can be used for laminated or conventional glass cutting, and laminated glass and glass remakes. The cutting table scores, breaks, heats and separates cut glass, minimizing operator intervention.

✓ Features

- Dual in-line cutters with automatic scoring and oiling for laminated or conventional glass
- Reduces bottlenecks in production and remake areas
- Provides high machine accuracy and integrated glass level adjustment with accurate scores
- Cuts 0.030", 0.060", 0.090" and 0.120" (0.76mm, 1.52mm, 2.29mm, 3.05mm) PVB laminated lites
- Heavy duty, aluminum extrusion frame design
- Dual (front/back) in-line cutters with automatic scoring and oiling
- Quick change glass scoring inserts
- Radiant PVB heating system
- Automatic knife separation of PVB

Performance Specifications

Machine Footprint 1:

- 134" (3403.6mm) width x 57" (1447.8mm) depth x 106" (2692.4mm) height

Machine Footprint 2:

- 134" (3403.6mm) width x 57" (1447.8mm) depth x 116" (2946.4mm) height

	Minimum	Maximum
Lite Size	4" x 14" (101.6mm x 355.6mm)	Up to 60" x 96" (1524mm x 2438mm)
Laminated Lite Thickness	single strength glass with 0.030 interlayer	7/16" (0.44mm) including Glass & PVB
Conventional Lite Thickness	3/32" (2.381mm)	3/8" (9.525mm)
Cut Length	6" (152.4mm)*	60" (1524mm)

*Cuts <6 are possible with manual breakout

System Software

- WinCut® i-3 with LookAhead
- RemakeNow®
- WinIG® Front Office

Standard Equipment & Options

- Can be used for laminated or conventional glass
- Safety light curtains
- Automated blade assembly for parting inner layer

Upgrade Options

- Spare Parts Kits
- WinCut i-3 with LookAhead

Complimentary Products

- Glass loading systems
- Glass Harp Carts
- Free-Fall Glass Rack & Base
- RemakeNow
- WinIG Front Office

Preferred Service Package

- Pre-installation service call
- Machine installation
- Standard GED 1-Year Equipment Warranty
- Machine operator/maintenance training

About GED Integrated Solutions

GED Integrated Solutions is a Worldwide Supplier of fully integrated insulating glass (IG), vinyl window and door robotic automation fabrication systems and software. GED leads the industry with quality, capacity and cost-effective solutions as demonstrated by the revolutionary *Intercept*® Warm Edge spacer frame production systems as well as our innovative vinyl automation systems and value-driven scheduling and analytics software. GED's commitment to innovation, that addresses our customers' needs, is proven by the fact that 22 of the top 25 window and door manufacturers utilize GED's equipment and software.
