

For proper and easy conveyor loading.

i About

A system designed to meet any situation, the Overhead Conveyor System is versatile, lasting and accurate. The highly visible orange conveyor hooks are made of heavy-duty stainless steel with non-stick covering that prevents material build up. The open-ended, curved design helps eliminate side sealant bead and matrix damage caused by improper operator spacer placement.

✓ Features

- Photo-eye index control for automatic operation
- Sequences production increases accuracy
- Multiple sizes for spacer
- Rugged tubular frame construction provides a long life
- Slip-on, high temperature, non-stick hook covering
- Older Overhead Conveyors can easily be retrofitted with the newer hooks
- Spacer hanger guard prevents improper conveyor loading

► Preferred Service Package

- Standard GED 1-Year Equipment Warranty
